

Third, on November 5, 2008, Karen Golding wrote a letter to Governor Jon. S.

Corzine. In the letter she stated:

I have been told I was not considered for reappointment by your administration because of my previous personal relationship with NJ State Democratic Chairman Joseph Cryan. As you are aware, regretfully during the course of that extremely difficult time in my life, as it is well documented; I was subjected to a tremendous amount of abuse; including the loss of a child. Ironically, as I have learned throughout this ordeal, abusers often retain power and control to continue to unduly influence hurt and punish. (Exhibit I).

These remarks are simply defamatory. They are aimed at besmirching the reputation of Mr. Cryan. They are being made formally, to the Governor; a person Mr. Cryan must work with closely. To what end are such patently false comments being made? (Mueller Feb 17, 2006 p16)
